# A simpler experience. Every action within reach.

Six design principles shape how families, players, coaches and academy teams interact with SKY Academy.

### ONE HOME — a daily command center

See upcoming sessions, attendance, progress, alerts and pending actions. Personalised dashboards for every role.

### SMART NAV — five clear destinations

Simple navigation: Home, Train, Assess, Academy and Profile, with role-based access.

### EASY BOOKINGS — fewer steps

Simplify registrations and bookings with clear availability, pricing, inclusions and cancellation terms.

### COACH LOOP — feedback that drives growth

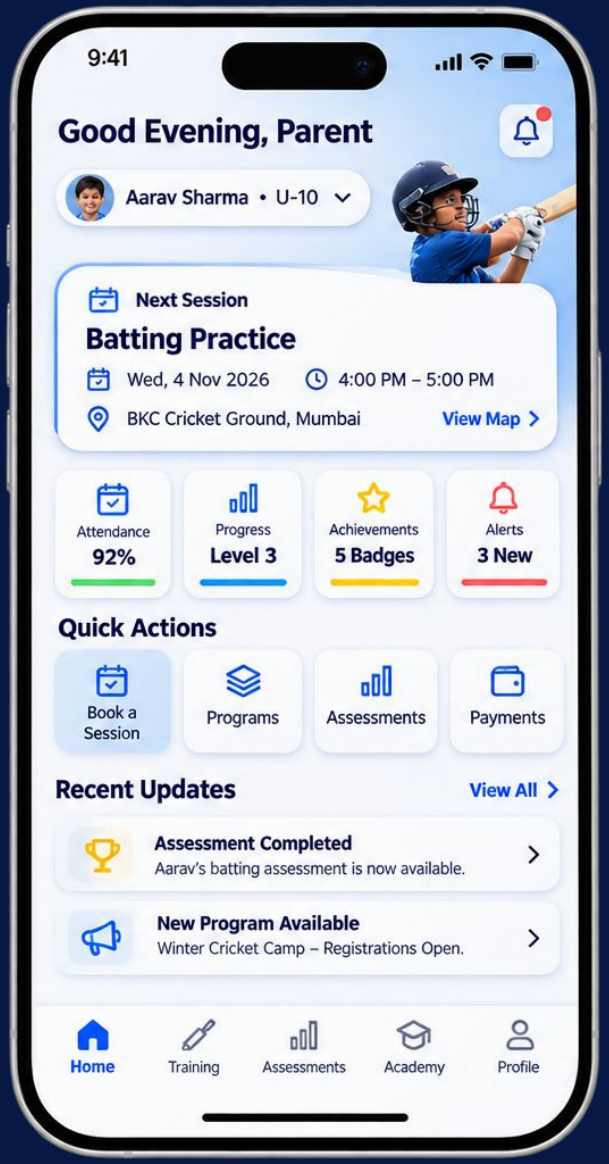

Connect every session to coach feedback, skill assessments, drills and next steps.

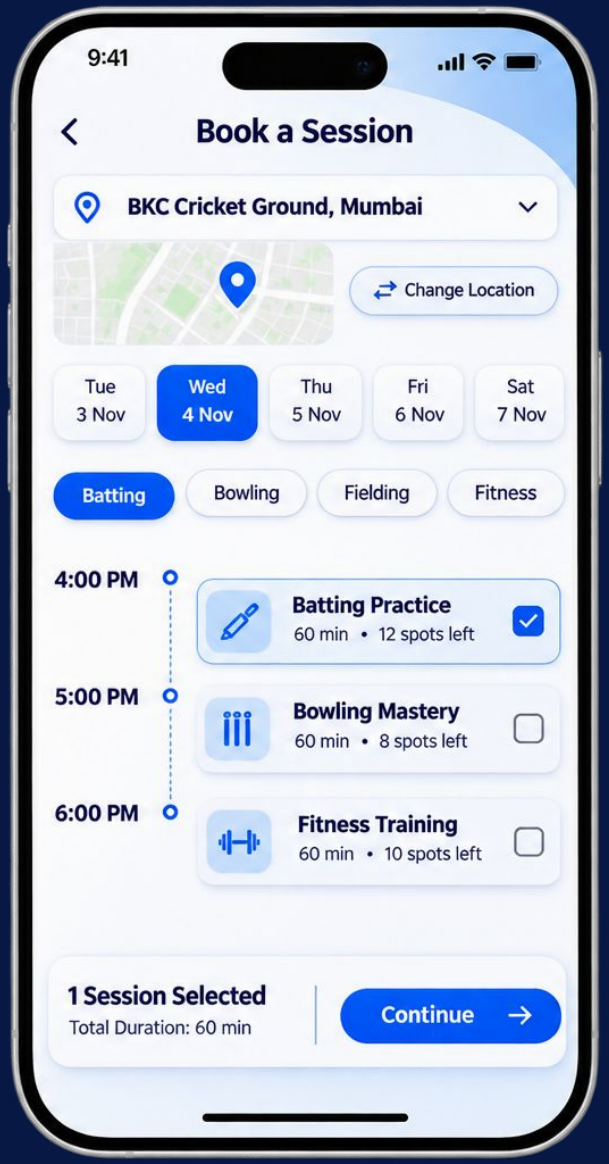

### VISIBLE PROGRESS — celebrate development

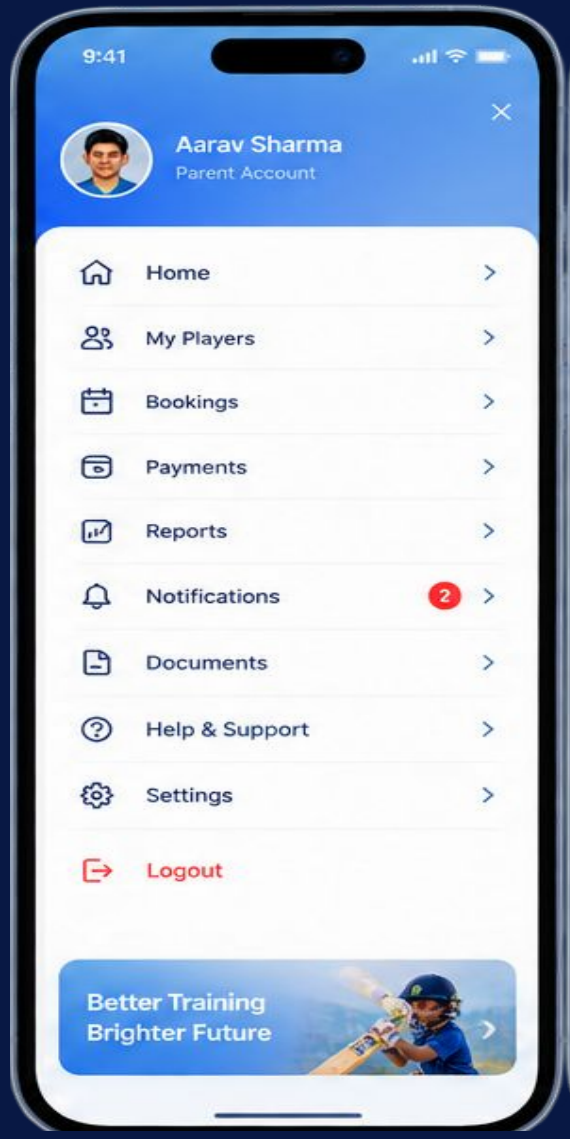

Track growth through the SKY Player Passport, assessments, coach feedback and verified match stats.

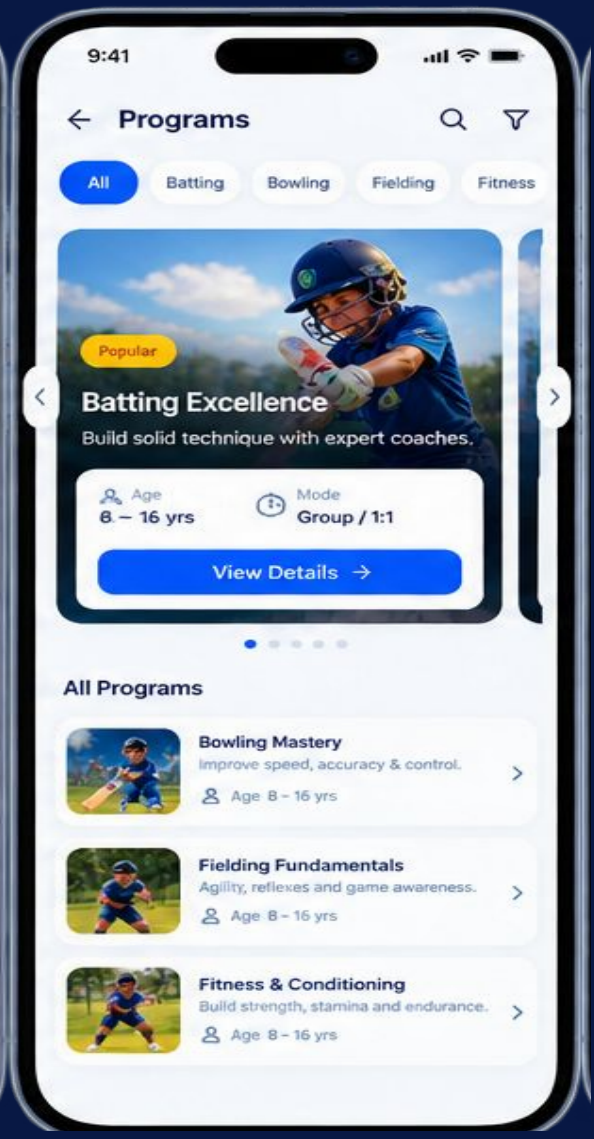

### ACTION ALERTS — updates that matter

Timely notifications for sessions, attendance, assessments, payments, scholarships and academy updates.

# One journey from first tap to visible improvement

The experience should connect each stage, carry relevant information forward and make the next step clear.

# One journey, multiple accountable owners

This view shows who acts at each stage and where information, approval or status passes between roles.

# Build trust, then get users to the right place

The first screens establish the brand, keep access simple and personalize what users see next.

### 01 — Splash and onboarding

Introduce SKY Academy for junior cricket development (ages 8–12). Make parent/guardian registration and the first child-profile action clear.

### 02 — Login and sign-up

Use verified parent/guardian contact and OTP. A guardian can link multiple child profiles, choose a role workspace and provide essential consent first.

### 03 — Home dashboard

Show the next session, booking status, attendance, parent approvals, progress, coach reports and pending actions for the selected child.

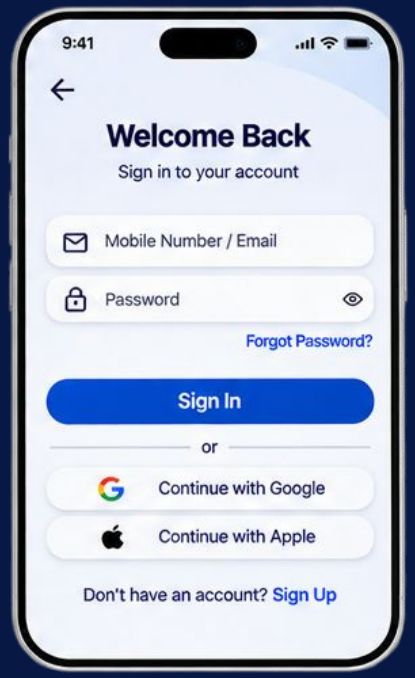

### 04 — Registration & guardian consent

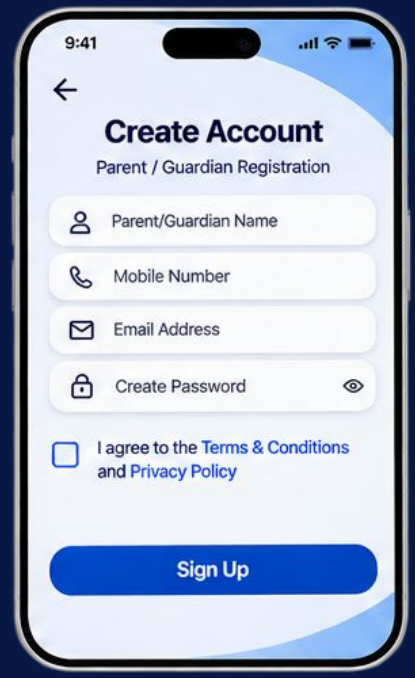

Show age eligibility, girls' ₹0 registration, configured other fees and separate guardian permissions for child profile, location and optional media.

# Make discovery useful and booking predictable

Users should be able to compare programs, understand the offer and finish a trial booking without repetitive data entry.

### 05 — Training programs

Search programs and academies by age, goal, skill, centre, coach, price, availability, coaching mode, language, distance and verified facilities.

### 06 — Academy discovery

Map and list views show centre location, distance, available programs, venue facilities, coach information and trial slots. Use only substantiated verification and review information.

### 07 — Program details

Show program objectives, coaching methodology, verified coach profile, facilities, batch capacity, schedule, package inclusions, total price and cancellation/refund rules.

### 08 — Book a trial

Guide the guardian through child selection, program/coach, coaching mode, date/time, consent, price review and confirmation. Girls' registration is ₹0; other charges follow academy fee rules.

# Give every session a clear before, during and after

Personal coaching, coach acceptance, preparation, live delivery and post-session reporting form one connected parent-led booking journey.

### 13 — Coaching mode selection

Parent selects the child and mode: At Home, Private Ground / Nets or Live Online. Capture goal, age, approved training history, preferred slot and session length.

### 14 — Coach search and verification

Match coaches by verified identity/qualifications, age-group experience, specialisation, language, service locality, rates and availability. Show the verification basis and substantiated parent feedback.

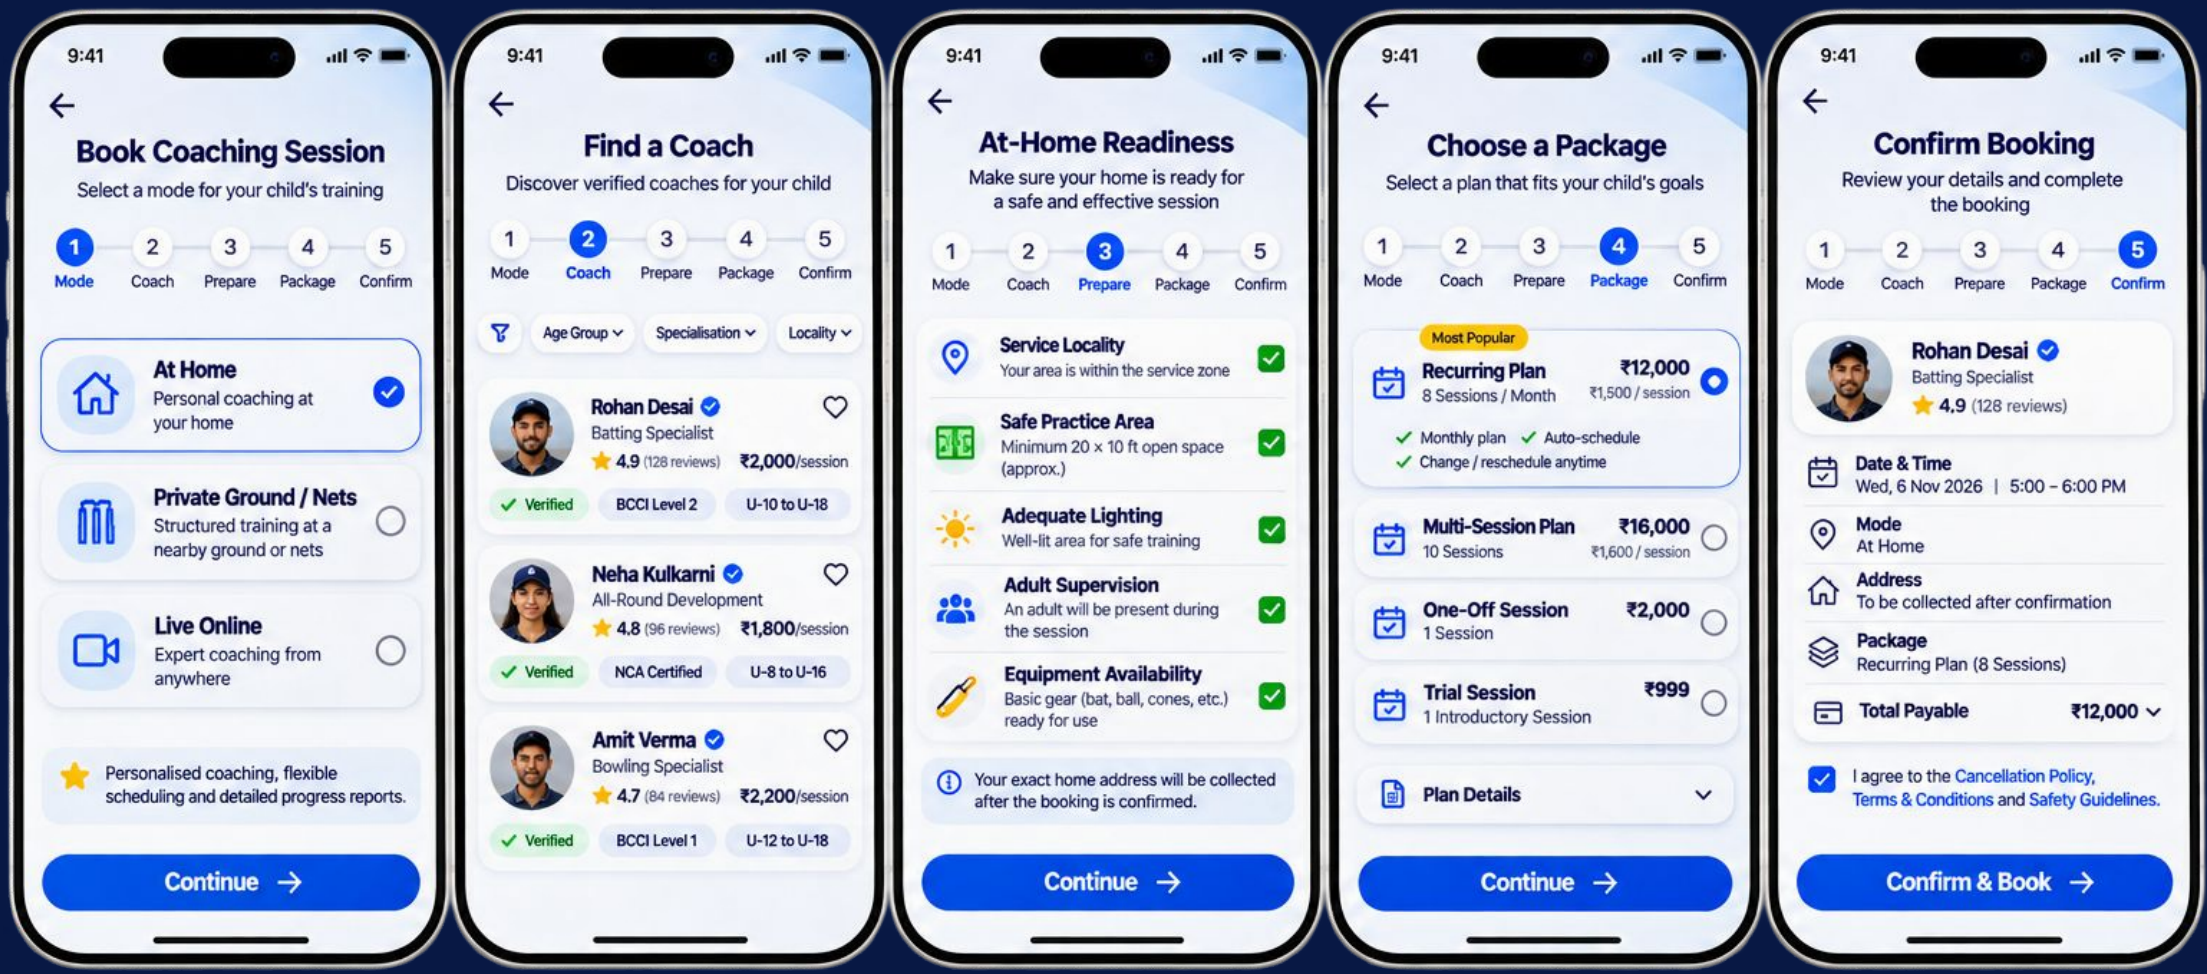

### 15 — At-home readiness checklist

Confirm service locality, safe practice area, lighting, adult supervision and equipment availability. Collect exact home address only after confirmed booking.

### 16 — Package comparison and booking

Compare trial, one-off, multi-session and recurring plans. Show session count, validity, per-session fee, travel/equipment costs, cancellation terms and total payable amount.

VersionNext

# Make progress, money and updates easy to understand

Supporting services should be available in context and should always communicate a clear status.

### PERFORMANCE — score to next action

Show the SKY Player Passport, session reports, match participation and like-for-like skill trends. Parents can see what improved and the next development action.

### FEES AND PAYMENTS — plan to receipt

Display girls' registration at ₹0, configured boys' registration and other fees, packages, taxes, refunds, recurring plan changes, receipts and coach/academy settlement records.

### NOTIFICATIONS — event to action

Notify parents of coach acceptance/check-in, live session status, completed reports, consent requests, payment outcomes, scholarship decisions and cancellations.

### PARENT VISIBILITY & ACADEMY IMPACT

Provide optional supported parent live view, consent-controlled video highlights, parent feedback, scholarship approvals and academy impact reporting.
